Experience

Videographer

WXII 12 Triad CW

Aug 2021 - Present (2 years)

I am responsible for helping create the main stories on the local news. I go to locations on scene to talk to people and capture events/stories. I operate a professional camera to capture video, set up lighting, sound, and interviews, and I edit that content in Adobe Premiere Pro and am expected to create multiple videos a day. Along with producing my own content, I also help other employees edit shows and work with reporters to help with their stories.
